آزمون نرم افزار Confluence

Confluence Cloud Test

این آزمون مهارت شما را در مدیریت مجوزها، ایجاد و ویرایش صفحات، همکاری با سایر کاربران، استفاده از الگوها و اجرای وظایف ادمین نرم افزار Confluence ارزیابی می کند.

لطفا پیش از شروع آزمون به نکات زیر با دقت، توجه کنید:

- این آزمون از 16 سوال تخصصی تشکیل شده است و نمره منفی ندارد.
- زمان آزمون 20 دقیقه می باشد و قابل تمدید نیست.
- این آزمون به زبان انگلیسی طراحی شده است.
- در بعضی از سوالات شاید همه گزینه ها صحیح باشند ولی شما باید گزینه ای که از بقیه موارد، جامع تر و دقیق تر می باشد را انتخاب کنید.

1. You have completed your review of a page your team created. The content looks good, though one paragraph needs revision because it mentions an outdated policy. You want the revision to be completed as soon as possible by anyone on the team.

What is the most efficient way to inform the team?

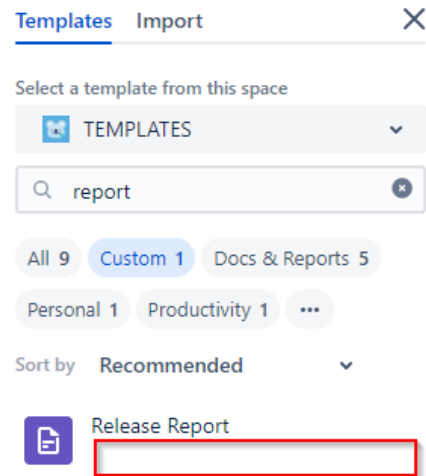

- Add each team member as a watcher.
 - Highlight the paragraph, add an inline comment and use Mention @ assigning it to each team member
 - Edit the page and at the end of the paragraph, write your comments and use the Mention, assigning it to each team member.
 - Add a page comment that outlines the revision the team must make.
-
2. **True or false:** You can add a description to the Release Report so that it appears in the field outlined in red below.
- True
 - False

3. As a site administrator, you removed a user from her previous groups and added her to the following groups:

confluence-users-profile2

confluence-users-profile1

new-confluence-users

Their permissions are shown in the screenshot below.

Groups (8)	Personal Space	Create Space
>  confluence-users-profile2 1 person		
 confluence-users-profile1		
 new-confluence-users		

What rights does this user now have with respect to creating new spaces?

- She can only create a personal space.
- She can create both a personal space and new spaces.
- None
- She can only create new spaces.

4. Which screenshot represents the result of adding the sister company's website to the Application Navigator?
